...tent Mill Wheels.

Timbey's Patent

...Vent Cast Iron Water Wheels

—for—

SAW MILLS,

...ted by T. R. Timbey of Cato N. Y.

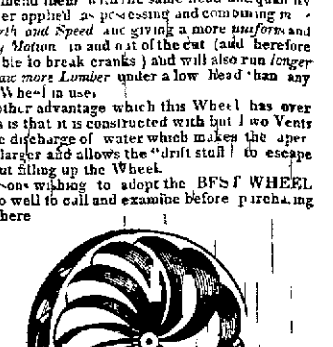

...E undersigned would invite the attention of ... the Public to the above named WHEELS, ... have been thoroughly tested in *Competition*, ... ll other popular

SAW MILL WHEELS

...at the present time, and they can confidently ... mend them with the same head and quantity ... er applied as possessing and combining m... ...th and Speed and giving a more uniform and ... y Motion to and out of the cut (and therefore ... ble to break cranks) and will also run longer ... more Lumber under a low head than any ... Wheel in use.

...other advantage which this Wheel has over ... is that it is constructed with but two Vents ... e discharge of water which makes the aper... larger and allows the "drift stuff" to escape ... ut filling up the Wheel.

...ons wishing to adopt the BEST WHEEL ... o well to call and examine before purchasing ... here

...would also call the attention of Mill Owners and Operators to

Valentine's Patent

...versing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as ... any amount of power required and from the ... ation the e Wheels have acquired by the successful operation of several hundred of them already ... and in use, we feel confident in recommending ... m as combining more advantages than any other ... eel, for perpendicular Shafts ... ed.

...evidence of the merits of this Wheel we ... ld refer to the following extracts from the re... t of experiments made with the same by ITHAMAR A. BEARD Esq; Civil Engineer—Lowell, ... who is well known as one of the most Scien... and experienced practical Engineers in this ... ntry

"This wheel is formed with curved floats the ... ber depending upon the size and vent of the ... eel each extending so far around the Wheel, ... when the water arrives at the jet its pressure ... so far expended that it falls very nearly inert ... n the Wheel. The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water ... nds at its full head, the column being sustained ... the stationary plan d underneath the Wheel, so ... t it has no downward pressure upon the Wheel, ... ich stands perfectly free in the column of water, ... by this arrangement all the friction on the step ... bearing of the Wheel is avoided and so much of ... power saved which in the ordinary mode of operation is wholly lost.

This Wheel is adapted to low as well as high ... ads of water and will run as well in back water ... out of it providing the head rises in a freshet as ... as the back water. But a Wheel with the jets ... ghtly guaged for a high head will not answer for ... ow one, and vice versa for as the head increases, ... e width of the jets should be proportionally de... eased so that the water may not issue to waste, ... d not give its best effect to the Wheel.

"In point of power the trials show conclusively ... at this Wheel is superior to the best constructed ... ast Wheels and it has the advantage of working ... th good effect in situations where the Breast ... heel would be worthless is less liable to need re... irs, easily accessible when they are needed, ... sts much less in the outlay, is much more durable, ... d takes very much less room in a mill or shop— ... mplicity of structure durability of parts conven... e of application and excellence of power are ... e grand points of recommendation for this Wheel.

ITHAMAR A. BEARD, *Civil Engineer*."

Important Letter.

MESSRS. CURTIS & SMITH:

Dear Sirs—I herewith enclose you a few lines relative to your Downs' Elixir which for the benefit of the suffering if you think worthy you are at liberty to make public. About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life. Her symptoms were bad cough, pain in the side and ... in ..., night sweats and other premonitory signs of pulmonary consumption. We consulted our best physicians who gave her little or no relief and finally pronounced her case incurable consumption. She continued to become weaker and the symptoms more confirmed.

About this time, at the suggestion of a friend we concluded to try Downs' Elixir. Having procured a bottle from your agent (Mr R. Byram of Eastport) she commenced taking it. At first it seemed only to mitigate the severity of the symptoms but in a short time her health began evidently to improve. It cured her cough, relieved her night sweats and greatly improved the tone of the whole system—after having continued the use most of the time for nearly a year she calls herself cured. She is now able to go about the house and superintend affairs as usual. Under God we believe that to Downs Elixir alone, she owes the preservation of her life and the restoration of former strength and energy. We have also used it in our family in other cases for which it is recommended in the pamphlets with universal success. Yours truly.

(Signed) SWAIN P. NORDSTROM.

The above is only one of a thousand and ... letters which we are constantly receiving from all parts of the country, almost daily.

DOWNS' ELIXIR is ... the best article known for the cure of *COUGHS, COLDS and CONSUMPTION*. It is more certain to give relief in all cases of *ASTHMA*—after a permanent cure—than any thing before offered to the public.

In cases of *WHOOPING COUGH* it ... to be tried to ... tolerance over all other ... It immediately ... the cough ... for the *CROUP* ... a cure. We ... with confidence for it has ... failed, and we believe never will when used ... to directions.

TO THE AFFLICTED

DR. DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame at his office

No. 55 Union Street.

Dr. D. has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M. D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye—this is an advantage that Dr. D. has above all other practitioners, and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient of the disease with which they are afflicted. The age and length of time the patient has been suffering is all the Dr. will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr. D. has been very successful in the treatment of Colds, Coughs, Consumption and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism, Fits, Dysentery, all diseases of the Eye and Ear, diseases of the Blood, Palpitation of the Heart, Gout, Salt Rheum, Cancers, cutaneous diseases and all affections of the kidneys and bladder, Tic dolereau, Hernia, Abdominal Weakness, Tooth ache, Intemperance, Stammering. Dr. D. warrants a cure of any of the above diseases if applied to in season.

He would also respectfully inform the Ladies that he will attend to their disease and complaints from 9 to 12 AM and from 2 to 9 PM. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications (post paid), with a fee enclosed, will be strictly attended to.

Remember the number—55 Union Street.

WHIG NOMINATIONS.

FOR PRESIDENT,

GEN. ZACHARY TAYLOR.

FOR VICE PRESIDENT,

MILLARD FILLMORE.

FOR GOVERNOR,

ELIJAH L. HAMLIN.

"Keep it Before the People."

At the Utica convention of Barnburners that met in February last, the following resolution was reported by a committee of which JOHN VAN BUREN WAS A MEMBER, and unanimously adopted

Resolved, That Gen ZACHARY TAYLOR *by his masterly correspondence* with the War Department no less than be his heroic conduct and incomitable coolness and courage on the field of battle has shown himself to be not only a distinguished military chieftain, but *a man of great mental and moral power*, and whose life has given evidence of a *strong head*, *an honest heart*, *and a Republican simplicity of character*.

Pleasure Excursion of the Steamboat State of Maine.

On Friday last the new steamboat State of Maine made a pleasure excursion from this city to Fox Islands, taking passengers at the several landings on the river, returning the same evening There were at least thirteen hundred passengers on board during the day and not less than eleven hundred at one time—the variation of the two hundred being occasioned by leaving visitors at Belfast and Thomaston to await the return of the boat.

The following is a list of the officers of the boat

Capt SAMUEL H HOWES, *Master*
EDWARD CUSHING, *Clerk*,
Mr ——LANG, *Mate*
EZEKIEL PICKET, *Pilot*
WILLIAM BLAKE *2d do*
W H FOSTER, *1st Engineer*
JAMES McDANE, *2d do*
J HINMAN, *steward*
S K LOVELL, *Baggage Master*

In a previous paper we have given an opinion of the boat so far as we had then become acquainted with it, and we can now say that our first impressions have been more than realized The movement of the machinery is very quiet The close attention given to and attended by every department of the boat, is eminently satisfactory

The dinner table under the direction of Mr Hinman, was spread with a beauty that could not but gratify the eye, and with a variety and munificent luxury, highly gratifying to every palate The lovers of a rich table have nothing of which to complain

Capt Howes was quite like himself again and yet we can hardly imagine how he escaped being lost in extacy at the frequent and overwhelming tokens of approbation and jubilant applause which greeted him at Frankfort, at Belfast, at Camden, and at Thomaston Cannons were fired, bells rung and loud cheers went up with enthusiasm, and then too a profusion of beautiful boquets were presented personally to Capt Howes, and to cap the climax of complimentary tokens an impromptu meeting organized on board the boat, and resolutions passed and complimentary speeches were made by several gentlemen

The citizens Brass Band of this city were on board in full uniform and their performances added much to the interest of the occasion — With the large number of passengers from Belfast came the Brass Band of that town and they contributed their proportion to the interest of the occasion by their skillful performances At Thomaston the Brass Band accompanied a large body of people who came on board the boat and they as ever made their presence highly agreeable by their musical performances

A portion of the company amused themselves by a merry dance, and in the sets the beauty of Bangor and Belfast and Camden and Thomaston seemed like peerless sisters, gracefully receiving the free homage of the youthful lords of creation who were present Other parties passed a portion of the time in singing, while others again were nibbling at the delicate refreshments which Mr Taylor had so temptingly spread

After leaving Hampden on the return home it was proposed among the passengers to organize a meeting on board for the purpose of giving an expression of the sentiment of the company relative to the boat The subject was announced about the boat, and a large company assembled in the saloon

The following resolutions were reported by a committee appointed for the purpose and were unanimously adopted

Resolved, That the people in the several towns on the Penobscot Bay and River have great cause of congratulation on the appearance on the route of travel between Bangor and Portland, of the Steamboat STATE OF MAINE, as every way suited to the route, and of sufficient capacity to convey freight and at the same time admirably designed to accommodate the travelling community

Resolved, That the proprietors of the steamer State of Maine, by their magnificent outlay and their careful attention to the wants and wishes of the travelling public in the construction of their boat for strength, size and adaptation for the route—in the elegant finish and commodiousness of all her apartments—in the rich and luxurious fixtures and furniture which they have provided—and in the fine arrangements and beautiful harmony of good taste every where apparent throughout the boat, have eminently entitled themselves to the approval and the thanks of this meeting and to the generous encouragement and patronage of the public

Resolved, That Capt S H Howes the long tried, well known accomplished and successful commander of the steamer State of Maine, is entitled to the commendation of this meeting and to the enthusiastic approbation which he has received at the several towns where his boat has this day made landings.

Under his direction we feel safety, and an assurance that in every department of his boat, from the highest officer down to the boy of the deck, every reasonable attention will be given to all those who take passage with him

Resolved That the elegance, richness and variety of the table this day spread on board the State of Maine and the prompt attention bestowed, have afforded the highest satisfaction and place her domestic arrangements ally on to the best boats on any waters

Resolved, That the officers, stewards and hands of the State of Maine, appear well qualified for the discharge of their several duties and are entitled to the confidence of the public

Resolved, That these resolutions be presented to Capt Samuel H Howes, and also that the several papers published in the towns on the route be requested to publish them.

Mr Adams was once asked what he most lamented in his life He answered—"My impetuous temper and vituperative manner of speech which prevents me from returning good for evil, and induces me in the madness of my blood, to say things that I am afterwards ashamed of"

☞ Capt James Henry Carleton of this city of the U S A 1st Dragoons has been promoted by the President to the office of Major by Brevet

A large and enthusiastic Taylor Ratification Meeting was held a few days ago in Lancaster, Ohio, at which Thomas Ewing made a powerful speech in favor of the Whig nominations made at Philadelphia

Gen Taylor's Popularity with the Volunteers

At Newport barracks where were quartered 400 returned volunteers a vote was the other day taken to test the popularity of Gen Taylor when 396 votes were cast for the hero of Buena Vista.

State Conference of the Congregational Churches of Maine.

[*Report Continued*]

WEDNESDAY, 7½ P M.

After singing and prayer an address was delivered by Rev Mr Gonsalves in behalf of a colony of converted Romanists Catholics from the Island of Madeira (not Madagascar as before stated) who have fled the island for freedom and desire to come over to this country and settle. He was listened to with much interest

After that, addresses were made by Rev Messrs Calhoun Breed and Gibson with regard to the Foreign Missions of the American Board, Mr Calhoun, a Missionary from Mt Lebanon spoke of the progress made since the going forth of the last Missionaries and the present condition of that part of the field in which he was laboring and both he and those who followed him arrested the attention of the audience After prayer and the benediction the congregation were dismissed

THURSDAY 9 A M.

This morning after singing and prayer was devoted to hearing reports of the state of religion in this and other States among our own churches, and others here represented by delegation.

Rev Mr Chickering reported the state of religion in our churches, (the Congregational) in this State

The general facts are a decrease of church members both in the individual churches, in some occasioned by the forming of new churches and in the aggregate amount in the State The amount of decrease was stated but not understood. There has been general harmony and good feeling, a general attention to the preaching of the word, an increasing interest in Sabbath Schools, and a few new vales religion are reported, the fruits of which with other will appear in report of next year It is an interesting fact that the subjects of saving grace are almost exclusively confined to Sabbath schools, they are the nursery of the church

Rev Mr Breed, delegate from Rhode Island, next gave a report of the state of religion in Congregational churches of that State He said Congregationalism is not the leading sect in Rhode Island, it was originally settled by Calvinist Baptists We have 11 churches in the State, and during the course of the year hope to have another Seven of these are Missionary churches, and all of them have pastors or stated supplies We have 17000 pupils in the Sabbath Schools We can say what be said of no other State in the Union, of the population of the State over 4 years, and under 20 years of age, belong to Sabbath Schools Our churches are strictly temperance We have in past times had no Sabbath in the State, but the observance of that day is increasing

Rev Mr Cole next reported the State of religion in Mass The number of Congregational churches in this State is 445, belonging to the 25 district Associations and contingent 5 that are in some of the neighboring States we have 450 The number of pastors is 355 church members 62 000 Sabbath school scholars 60,000 Four Pastors now in active service in the State have preached their semi-centennial sermons

The State of Religion in N H, was given by Rev Mr Smith He was assisted by an Association composed of Congregational and Presbyterian clergymen There are 16 district Associations in the State and 200 churches There is much coldness and worldliness in the church There is a great Sabbath School and willingness to hear and preaching There appears to be a friendly conviction that the pastoral relation ought to be more permanent The diminution of pastors is less than previously was the case There have been some revivals and we can but hope there is silent work in progress which will eventually lead to a revival worthy of the name The temperance cause, if we may judge by the vote given by the people on the license question in March, is on the increase We extend to you our fraternal salutation and in the name of our Association invite you to the Association which will be held in Manchester the 4th Tuesday of August next

The Old School General Assembly was represented by Rev Mr McDonald He regretted the absence of the 1st delegate, who could present more statistics than himself He however, would mention a few The number of churches embraced in the Assembly is 2736 the number of communicants 180 000 The churches connected with this Assembly was corresponding to a Foreign and Home Missionary Society, and also a Society for the editing of sound religious works The number of members of churches is an increase on last year and indeed on previous years

The State of religion in the Calvinist Baptist churches in this State was next given by Rev Mr Williams delegate from that body — The annual meetings of this body, said he, do not enter into an inquiry into the religious condition of the churches but only into inquiries respecting their number, number of churches, members Sabbath Schools, amount of contributions and other statistics There are 300 churches of this persuasion in the State, 213 ordained ministers, and 21337 church members, 106 of whom have been added this year This report was made last June There is a good deal of interest taken in Foreign Missions and several returned Missionaries from Burmah, and elsewhere have tended to awaken this interest.

Rev Mr George from the Maine Methodist Episcopal Conference, was then called upon — He said that he was not prepared to state facts, but it gave him pleasure to meet his Congregational brethren, and he believed this body has the first honor of proposing an interchange of delegates between it and the Episcopal Methodist Convention He went on to say that they differed in some points we were united in fighting against sin and thought it best for us to be so rather than turn our arms against each other

Rev Mr Shipman from Conn, in the absence of the delegate from that State made a few remarks, stated there had been some revivals of religion especially one in Yale College, where about twenty five had been hopefully converted

A letter was read from the delegate from Wisconsin, which excited some interest

The afternoon services were entirely devotional and consisted of a sermon from 11th verse of 145th Psalm by Rev Mr Parker, of Foxcroft and the administering of the communion by several Reverend gentlemen among whom were Rev Messrs Gale, Calhoun, and McDonald After they were over, the thanks of the Conference were unanimously voted to the people of Bangor for their kindness, and it was stated that the next annual meeting would be in Bath after which the Conference adjourned

The Reporter here begs leave to correct some blunders which crept into the report as some of them before and others after leaving his hands

In the first day's proceedings instead of Berham read Perham instead of Langan of Castine read Lappan of Augusta instead of Wellington read Ellingwood of Bath

In the report of Wednesday forenoon's proceedings instead of Rev Mr Tabraton of the Methodist Conference, read Rev Mr Thurston Methodist of the Conference There are other errors, but merely typographical, and every one of good sense will correct them

A full sized American flying eagle was placed on the summit of the arch and appeared from his proud look to be fully entitled to his position

The chair of the orator of the day was an old chair of Gen Washington brought up from Alexandria for the occasion Several of the masonic symbols, and parts of their regalia were also relics of the Father of this Country and his compeers the mallet being used which Washington employed in laying the corner stone of the Capitol

There were several military companies present from Maryland, Virginia and Pennsylvania, and one from Boston The citizens of Boston being to a fine flag and joined in the procession It was a great day in Washington In the evening there was a grand display of fireworks near the site of the monument under the management and skillful pyrotechnical chief at the corps at the U S Arsenal and the vast village collected to witness this exhibition was scarcely less in numbers than that of the day

Arrival of the Ratified Treaty from Mexico

WASHINGTON, July 6

Dr Rayburn, an attache of the commission to Mexico, arrived last evening bringing with him the ratified treaty and a large sum of money — He parted with Mr Sevier at New Orleans.— The latter gentleman went up the river towards his home in Arkansas He was in bad health, but is expected to arrive in three days or five or six days

A cabinet council was held this morning, and the treaty will probably be sent to the Senate to day, with a message from the President

Mitchel at Bermuda.

St John N B papers report the arrival at Bermuda on the 20th of June of H B M Steamer Scourge from Ireland having on board John Mitchell, the condemned Irishman who was forthwith put on board the convict ship St George

A correspondent of the St John Morning News furnishes the following data relative to the Island of Bermuda

About 1000 soldiers are garrisoned at three or four points on the Island There are usually about 1 100 convicts incarcerated in four hulks—three at the Dock Yards, and the other the Thames on board which Mitchell has been placed at St Georges These men who are half transported from five to seven years for the crime of pouching on the domains are subject to the most degrading and laborious employments their occupation being building forts hewing blocks of stone like cart horses under and themselves building, without vestige of protection other gangs are employed at work for many hours in water clearing the channels in diving bells which soon puts a period to being miserable existence

The Lowell Courier gives a glowing account of the celebration in that city on the Fourth A great many persons from the adjoining towns were present Not a solitary case of disorderly conduct took place No fighting no drunkenness The oration by Dr Elisha Bartlett is highly spoken of

☞ The Veazie men or old hunkers have secured the election of all the delegates in that city with one exception It is said that it must with sharp or be badly beaten at the choice The Barnburners now claim a majority against him the General, we suppose ... not be a used up man."

A correspondent of the Baltimore Patriot says that Secretary Marcy is to be succeeded by Gen Sam Houston the former retiring upon a foreign mission

Dr Jayne—Dear Sir—By the blessing of God you prepared and has effected a cure in the Tumor distressing complaint In December last I was seized with an severe attack by a paroxysm of ASTHMA, a disease with which I had been afflicted for many years past I was attended with a hoarseness and soreness of the lungs and throat together with a laboring cough, and complete prostration of strength and worn out with suffocation— a bottle of your Expectorant was sent to my house At first I thought it was nothing but quackery but see that it was so highly recommended by Dr Going with whom I was well acquainted I was induced to try it, and in a few days it completely cured me ... had any return of the disease since I have now a high an opinion of your medicine that if I had but a few bottles of it and could obtain no more I would not part with them for ten dollars each

Sometime since I called upon Mr P Mason, of Bound Brook for Dr Jayne's celebrated Hair Tonic to restore my hair which was then falling out fully I procured one bottle and applied its contents according to the directions When the bottle was exhausted, I discovered to my great surprise and satisfaction that the Tonic was working handsomely, I then procured another and soon till I had used three bottles and now, ... compensation ... thick as ever and what is more surprising, my baldness was not occasioned by sickness in which case there is a greater hope of restoration—but was hereditary

The Great Remedy for Gonorrhea

[illegible] is Dr. DOUGLASS'S ARABIAN PASTE. Dr. Douglass is well known, having practised in the principal cities in the Union during the past [illegible] years. His only reason for introducing his Paste to the public, [illegible] ... who are going down to premature graves by taking the miserable drugs of quacks.

Dr. D. must [illegible] affirms that during his practice of forty years this Paste has never, in one single instance, failed in effecting a cure in a few days, without any [illegible] or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the usual course of treatment adopted by our first physicians, for months and even years [illegible] the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate instead of bugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchaser on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No. 55 Union street Boston, at $5 per box; where he can be confidentially consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

WARRANTED

UNDER A PENALTY OF

A THOUSAND DOLLARS,

FREE FROM MERCURY, AND ALL MINERAL SUBSTANCES.

THE ORIGINAL AND ONLY — GENUINE INDIAN MEDICINE.

The same yesterday, to-day and forever.

Certificate from Col. Tate, editor of the Columbia Democrat, Pa.

OFFICE OF THE COLUMBIA DEMOCRAT,
Bloomsburg, Columbia Co., Pa.,
March 4, 1848.

Dr. William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence I have seldom resorted to the Pillbox. Last March, when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family, gave them a decided preference over every other preparation.

In every instance, when afflicted with sick head ache, or when the stream of life was encumbered with morbid humors, I found speedy relief from the use of your Pills. By taking from four to six on going to bed, when indisposed, I have always been restored to health, without loss of time and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually, without disturbing the rest of the patient, and in any case, without producing even sickness at the stomach.

Respectfully, your friend, &c.
LEVI L. TATE.

[From the Delaware Express, Delhi, N. Y.]

WRIGHT'S INDIAN VEGETABLE PILLS.—Although not particularly friendly to patent medicines, we must confess that we have become a convert to these pills having had an opportunity on one or two occasions to test their efficacy. For a gentle medicine, one or two will be found mild though effective. Where bile or other impurities have accumulated and more thorough medicine is required, a dose of three or four of these pills, taken on going to bed, will be found effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak from experience, and take pleasure in commending the pills to the public.

Look out for Counterfeits!

Some are coated with sugar; others are made to resemble in outer appearance, the original article. The safest course is to purchase from the agents only, one or more of whom will be found in every town and county in the State.

The following agents have been established for the sale of Wright's Indian Vegetable Pills in Penobscot County:—

DAVID BUGBEE, General Agent, Bangor.

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the baneful parents of Consumption, Bronchitis, Asthma, Pleurisy, and many other dangerous diseases, are too often neglected until the foundation of the Specific Complaint is laid deep in the System. A Physician is then called in, who administers a few Palliatives, but declares the disease incurable, and the Patient in consumption of his own dies. But why does he die? Simply because he does not resort to the proper remedy, but trusts the mere opinion of a Practitioner rather than the infallible evidence of experience and the most authentic testimony. Of the latter this only true one, the efficacy of

DR. VONDERSMITH'S

INDIAN COUGH BALM and Lung Balsam,

have been thoroughly established. Let those who doubt, read the following testimonials which are merely samples of hundreds of the same nature.

THOMAS JONES, Farrier.
No. 10 Ash street.

CAUTION.—The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they even go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that Dillow's Heave Cure is the first article of the kind ever introduced in the United States, and we hereby offer the sum of One Thousand Dollars to any person, or persons who will prove to the contrary. Consequently all others must be imitations.

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates diseases it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of severe cases of disease, at least 20,000 of these were considered incurable.

More than 3000 cases of Chronic Rheumatism;
3000 cases of Dyspepsia;
4000 cases of General Debility and Want of Energy;
7000 cases of the different Female Complaints;
2000 cases of Scrofula;
1500 cases of the Liver Complaint;
2500 cases of Diseases of the Kidneys and Dropsy;
3000 cases of Consumption,

and thousands of cases of diseases of the blood, viz:—Ulcers, erysipelas, salt rheum, pimples on the face, &c., &c., together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c., &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark N. J., informs us that he can refer to more than 150 cases in that place. There are thousands of cases in the City of New York which we will refer to with pleasure, and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than

5000 CHILDREN THE PAST SEASON,

[illegible] for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

☞ Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:

Dr. Townsend—I have used one bottle of your Sarsaparilla, and find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from injuries received several years ago in a public stage. I cannot do [illegible] of Dr. Seymour. I have conversed with two of our principal physicians and recommended your Sarsaparilla. SETH TERRY.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation. Yours respectfully, ISAAC W. CRAIN, 106 Wooster-st.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

Capt. G. W. McLean, of the U. S. Marine Corps, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan. 25, 1847.

A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration. G. W. McLEAN.

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels

AND

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y.

THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in Competition with all other popular

SAW MILL WHEELS

in use at the present time, and they confidently recommend them, with the same head and quantity of water applied, as possessing and combining Strength and Speed, and giving a more uniform Steady Motion in and out of the cut (and therefore not liable to break cranks,) and will also run longer and Saw more Lumber under a low head than any other Wheel in use.

Another advantage which this Wheel has over others is that it is constructed with our Two Vents for the discharge of water which makes the apertures larger and allows the "drift stuff" to escape without filling up the Wheel.

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere.

We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills, and are made of different sizes, so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts, now used.

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by THAMAR A. BEARD, Esq., Civil Engineer.—[illegible] Mass. who is well known as one of the most scientific and experienced practical Engineers in this country.

"This wheel is formed with curved floats, the number depending upon the size and vent of the Wheel, each extending so far around, the Wheel that when the water arrives at the jet its pressure is so far expended that it falls very nearly inert from the Wheel. The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head. The column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved, which is in the ordinary mode of operation is wholly lost.

"This Wheel is adapted to low as well as high heads of water, and will run as well in back water as out of it, providing the head rises in a freshet as fast as the back water, But a Wheel with the jets rightly guaged for a high head will not answer for a low one, and vice versa, for as the head increases, the width of the jets should be proportionably decreased, so that the water may not issue to waste, and not give its best effect to the Wheel.

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels, and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless, is less liable to need repairs, easily accessible, when they are needed, costs much less in the outlay, is much more durable and takes very much less room in a mill or shop.—Simplicity of structure, durability of parts, convenience of application and excellence of power are the grand points of recommendation for this Wheel."

THAMAR A. BEARD, Civil Engineer."

Important Letter.

Messrs. Smith & Smith,

Dear Sirs—herewith enclose you a few lines relative to your "Down's Elixer," which, for the benefit of the suffering, if you think worthy you are at liberty to make public. About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life. Her symptoms were, bad cough, pain in the side and stomach, night sweats, and other premonitory signs of pulmonary consumption. We consulted our best physicians who gave her little or no relief, and finally pronounced her case incurable consumption. She continued to become weaker, and the symptoms more confirmed.

About this time, at the suggestion of a friend we concluded to try Downs' Elixer. Having procured a bottle from your agent (S. R. Byram of Eastport) she commenced taking it. At first it seemed only to mitigate the severity of the symptoms, but in a short time her health began evidently to improve. It cured her cough, relieved her night sweats and greatly improved the tone of the whole system.—After having continued its use most of the time for nearly a year, she calls herself cured. She is now able to go about the house, and superintend affairs as usual. Under God we believe that to Downs' Elixer alone, she owes the preservation of her life and the restoration of former strength and energy. We have also used it in our family in other cases for which it is commended in the pamphlet, with universal success. Yours truly,

Signed, SWAIN P. NORDSTROM.

The above is only one of a thousand similar letters which we are constantly receiving from all parts of the country, almost daily.

DOWNS' ELIXER is unquestionably the best article known for the cure of COUGHS, COLDS and CONSUMPTION. It is more certain to give relief in all cases of ASTHMA—often a perfect cure—than any thing hitherto offered to the public.

In cases of WHOOPING COUGH it needs only to be tried to give it preference over all other remedies. It immediately breaks up the cough, and renders a mere plaything what is otherwise a scourge and terror. For the CROUP it is a positive cure. We speak with confidence, for it has never failed, and we believe never will, when used according to directions.

Pamphlets, giving a full description, to be had of agents in almost every town and village in the country, and of the following, who are prepared to sell at wholesale or retail.
